

BRITISH PLAN FOR LEAGUE OF NATIONS GIVEN

ing International Disputes Featured

PARIS, Jan. 24.—(By The Associated Press.)—The much discussed British plan for a league of nations, which has just been completed, can now be outlined in concrete form to the people of the United States for the first time. The following details the plan that will be laid before the peace conference. The main feature of the league provided for in the plan will be the establishment of machinery for handling international disputes. This will be based on an agreement among members of the league not to interfere with the territorial integrity of states, or to permit others to interfere with them. The rendering of assistance and guidance to new and undeveloped states to maintain freedom of transit and just commercial relations between the members of the league are some of the principal aims to be supervised by the league. A committee to rule on the question of trade in ammunition and arms and before which would also come up for study international problems relating to economics and sanitation will be appointed. A like central body for handling international labor questions is provided for in the plan.

In this connection it is held that all international bodies now existing and any which may be created, must be brought together in some central place, which will be the capital of the league and work in close co-operation with the league if the effort to promote international cooperation is to be successful.

The British plan provides for a general conference of the delegates of all nations members of the league. One for smaller international executive council for the direction of ordinary business.

A permanent secretariat for the league would be presided over by a man of authority and experience in European affairs, sitting at the capital of the league with all necessary diplomatic immunities. Periodic meetings of the league's delegates are provided for, but it is pointed out that it probably would be convenient for states to appoint permanent representatives to the capital who would act for their countries until more authoritative delegates arrived. The plan excludes some states, like Germany from the league for the present, on the ground of untrustworthiness but it holds that this exclusion should not be prolonged unnecessarily. Every civilized state with a settled government will be invited to join the league. Provisions for separate representation for India and the British dominions is provided for.

Disputes for settlement are divided into two classes:

Justiciable and non-justiciable—as each state will be the final judge as to whether a dispute is justiciable.

The establishment of a permanent court of international justice for settlement of disputes is proposed, and until it is created a court of arbitration is suggested. Either a council or a conference of the league is thought to be the proper organ for the consideration of non-justiciable quarrels.

ECONOMIC MISSION WILL SAIL TODAY

(By The Associated Press.) NEW YORK, Jan. 24.—The department of labor's economic mission appointed to make a survey of industrial conditions abroad, particularly in the new democracies of middle Europe will sail tomorrow on the Lapland, it was announced here tonight. The commissioners, recruited from various sections of the country will be speeded on their way by Secretary of Labor Wilson who will accompany them to the pier.

R. J. Caldwell head of the mission, declared at a dinner given here today in his honor by friends and business associates that the "way for America to do her part in turning back the hordes of Bolshevism is to aid the new democracies."

This country should be willing, he said, to spend for the construction of peace as much as for the destruction of war.

ORDER CONVENTION SIGNED.

Berne, Jan. 24.—(By The A. P.)—The Swiss government has instructed Hans Sulzer, minister to the United States to sign the commercial convention between Switzerland and the United States. The convention concerns especially the providing of Switzerland with breadstuffs. The old convention expired Sept. 30.

Willard Agrees To Fight For \$100,000 Purse

(CHICAGO, Jan. 24.—A purse of \$100,000 drew Jess Willard, the heavyweight champion, out of retirement tonight.

Tex Rickard, famous as the promoter of the Joe Gans-Battling Nelson fight, and the heavyweight championship battle between Jeffries and Johnson, obtained Willard's signature to a set of articles to fight any opponent selected for him. He agreed to box any number of rounds up to forty. The match will be decided next July probably on the fourth.

Willard will receive \$100,000 win, lose or draw.

The champion came to terms with Rickard tonight after two days of arguing. Rickard said that either Georges Carpentier, the French heavy-weight or Jack Dempsey, who has been clamoring for a match with the champion, will be Willard's opponent. Rickard reserved the right, however, to wait until March 25 before making the selection. The place for holding the battle will be named sixty days before the contest.

The contest will be the first that Willard has fought since he met Frank Moran of Pittsburgh in New York in March, 1916. Rickard was the promoter of the match. Under the terms of the agreement, the champion agreed to deposit \$10,000 with a Chicago bank at once, this sum to be forfeited if Willard fails to carry out his promises.

Rickard also agreed to deposit \$10,000 in Chicago tomorrow, \$15,000 sixty days before the date of the contest and \$75,000 forty eight hours before the day of the battle.

Provided Rickard fails to make the second deposit of \$15,000, he agreed to forfeit the \$10,000 to Willard, and if he fails to post the \$75,000 Willard will receive \$25,000.

The Kansas "cowboy" agreed not to make any other engagements, nor to appear in any exhibition contests and also agreed to be at the place designated for the battle sixty days in advance to finish his training.

Willard, looking brown and strong, left his oil business in Texas to come to Chicago at Rickard's request. The champion said that he weighed close to 275 pounds, but that he probably would enter the ring at 245 pounds.

"I presume people will think that I demanded the earth to box," Willard said. "Rickard met my terms and I accepted. I want to say that I didn't get a cent for fighting Johnson in Havana. In fact, I had to borrow money to get back. The man who meets me, if he wins, will have the same opportunity that I did to make money. I am making money in the oil business and did not care whether I ever fought again."

"I don't care who is selected to meet me. The purse is the thing. I am not boxing for fun. Its business with me."

Willard and Rickard will leave for Texas tomorrow night.

The \$100,000 purse is the biggest ever offered a pugilist. Jack Johnson got \$66,000 for defeating Jeffries.

PLAN STATE CONSTABULARY FORCE

(By The Associated Press.) SPRINGFIELD, Ill., Jan. 24.—A state constabulary force for Illinois, patterned after the Canadian mounted police and similar organizations in other states, will be proposed in bills being prepared for introduction in the state legislature. One of the measures is being drafted by Senator Henry M. Dunlap of Savoy, Champaign county. Senator John A. Wheeler of Springfield, former sheriff of Sangamon county, is studying the subject and may offer a bill if the one offered by Senator Dunlap is not satisfactory to him.

Such a constabulary force as is planned would supercede the present state militia, and for that reason strong opposition to the change is anticipated.

The Dunlap bill proposes in a general way that the state police be mounted, divided into companies or squads after a semi-military fashion and be subject to strict discipline. In addition to patrolling state highways, the force would be mobile and ready to answer the call of the governor for duty at any point in the state.

States now having constabulary forces are New York, Pennsylvania and Texas.

URGES AN EARLY RETURN OF TROOPS

(By The Associated Press.) WASHINGTON, Jan. 24.—Representative Garland of Pennsylvania, who had just returned from overseas where he spent Christmas at Coblenz with American soldiers introduced a resolution today demanding "the return of the soldiers by every transportation facility that can be made available" and for the immediate discharge on arrival in this country of drafted men and members of the national guard.

PACKERS FAVOR U. S. REGULATION OF MEAT PRICES

Removal of Present Restrictions Would Be Disastrous

(By The Associated Press.) WASHINGTON, Jan. 24.—Regulation of livestock prices so as to assure a stable market, either thru control of the food administration or by establishing some similar system of control was discussed today before congressional committees by presidents of two meat packing firms which do an annual business of about two billion dollars. Louis F. Swift of Swift & Co., concluding an appearance of two days before the house interstate commerce committee said a stable price over periods of production was desirable and declared that if food administration restrictions were removed now, disaster would result.

Favor Stable Market

J. Ogden Armour of Armour & Co., told the senate agriculture committee that some means of assuring a price level for some time would be agreeable to the packers, repeating reasons he had outlined earlier before the house committee. Members of each committee evinced much interest in the statement of the packers and Representative Stephens of Nebraska announced that there should be some government agency to control prices irrespective of war conditions. Examination of Mr. Armour developed new interest late today when the senate committee asked Francis J. Heney who conducted the federal trade commission's meat packing inquiry to question the witness. Unfairness of method and inaccuracy in deduction are some of the complaints which the packers have made against the commission's inquiry and Senator Page of Vermont inquired if the committee's hearing was to degenerate into a prosecution.

Levy Mayer, counsel for Mr. Armour consented to the examination on being accorded the privilege of questioning witnesses.

U. S. Must Control Prices.

Violent fluctuations of prices were predicted by Mr. Swift if food administration control should be removed. Like Mr. Armour, however, he seemed dubious that government control over the sale of livestock at agreed prices would be practicable in normal times, pointing out that the success of the food administration's guarantee of a minimum price for meat animals had been due to the fact that the administration dominated the market thru control of purchases for the allied armies.

"Anything that will make for a steady average price is better than the same price reached thru sharp declines and increases," Mr. Swift said. He added that "constructive co-operation" would accomplish more than anything else but that this was in violation of the Sherman law.

BUTTER TAKES ANOTHER SLUMP

(By The Associated Press.) CHICAGO, Jan. 24.—Butter took another slump of three cents a pound today making a decline of 15 cents since January 13. Egg prices following in the smash at the high cost of living and were quoted from 2 1/2 to 3 cents a dozen lower, a drop of from 13 to 15 cents a dozen within a few days.

A number of retailers face prosecution by the federal authorities because they continued to charge fancy prices for butter and eggs despite the large reduction in the wholesale price.

Butter sold at wholesale on the Chicago market today from 46 to 51 cents a pound and eggs from 53 to 54 1/2 cents a dozen.

Meat prices also dropped. Pork fell from 30 to 22 cents a pound while veal and lamb sold for a pound less than yesterday.

GREAT BRITAIN PRE-EMINENT IN AIR

LONDON, Thursday, Jan. 23.—Great Britain was pre-eminent in the air at the close of the war, when the British air forces were largest in the world, according to a report made public today. It fought on more fronts than the air service of any other nation and its successes were proportionately greater, it is said.

In August 1914, the British naval and military air services together mustered only 285 officers and 1,853 men of other ranks. In November 1918, there were 30,000 officers and 264,000 men. At the outbreak of the war Great Britain had 166 airplanes, 45 seaplanes and seven airships, while at the close of hostilities she had 21,000 airplanes, 1,300 seaplanes, and 103 airships.

CANNERS ADJOURN CONVENTION

Chicago, Jan. 24.—The convention of the National Canners Association adjourned here today without official expression as to whether prices of canned goods can be lowered to the Frank E. Garrett, of Washington, secretary of the association. Informally was that the present scale of wages must be maintained until other costs decline.

Germany Wants Early Adoption of Peace Treaty

(By The Associated Press.) PARIS, Jan. 24.—Responsive to demands in the United States and great Britain which are echoed in Germany for an immediate conclusion of the peace treaty efforts are being made to hasten the adoption of a plan for a league of nations. It is declared to be the conviction of the delegates that no permanent peace can be made until certain principles to govern the relations between the states have been accepted by the peace conference. Such questions as the re-arrangement of boundaries, the assumption of indemnities and reparations and the creation of constituted authorities are regarded as the very basis of the treaty of peace and not only the American delegates but also the British and French delegates are understood to be of the opinion that these things cannot be safely composed in special peace treaties, but be founded upon the general principles forming the basis of a league of nations.

Another consideration is the likelihood that if the treaty of peace is signed first there will be little disposition among the delegates to linger in Paris to complete a league of nations.

62 PACIFISTS IN U. S. NAMED

(By The Associated Press.) WASHINGTON, Jan. 24.—The senate committee investigating German propaganda today put into the record a list of names of sixty two men and women, many of them instructors in colleges and universities, who Archibald Stevenson of the military intelligence bureau had testified earlier in the week held "radical and pacifist views."

Mr. Stevenson said the names were obtained in investigations by the military intelligence bureau. Included in the list which the witness designated as a "Who's Who" are the names of Miss Jane Adams, Chicago, Frederic C. Howe, commissioner of immigration at New York, David Starr Jordan, Chancellor Emeritus of Leland Stanford, Jr., University; Morris Hillquit, Secretary, Oswald Garrison Villard and Eugene V. Debs.

When Mr. Stevenson referred to the list last Wednesday during his testimony the senate committee went into executive session to decide whether the names should be inserted into the record of the investigation but no decision was announced until today.

WILFUL MURDER IS JURY'S FINDING

(By The Associated Press.) LONDON, Jan. 24.—A coroner's jury today brought in a verdict of wilful murder against Lieutenant Colonel Norman Cecil Rutherford of the medical corps of the British army in connection with the shooting of Major Miles Charles Seton, who was shot and killed Jan. 13.

A detective testified that after the arrest of Lieutenant Colonel Rutherford, he wrote a letter to his wife saying:

"I am sorry. The worst possible has happened; Seton is dead."

Mrs. Rutherford's maid testified that during the absence of Colonel Rutherford in France Major Seton several times visited the Rutherford house and remained there for week-ends.

Major Seton was killed at the residence of his cousin, M. C. Seton, secretary of the judicial department of the Indian office. The shooting caused a sensation in British military circles. Major Seton formerly was in the British army medical service.

Colonel Rutherford at the time of the shooting was commissioned of medical service in the ministry of medical service. He received the distinguished service order in 1917 while serving with the British forces in France. Mrs. Rutherford is Alice Maude Mary a daughter of Sir James Roberts. The Rutherford family has six children.

AMERICAN "ACE" WILL BE WELCOMED

(By The Associated Press.) NEW YORK, Jan. 24.—Captain "Eddie" Rickenbacker, an American "ace" who accounted for 26 enemy aeroplanes during the war, will be greeted by the whistles of all automobile, fire and accessory manufacturing plants here when the steamship Adriatic on which he is returning docks here next Saturday or Sunday, the contest board of the American Automobile Association announced today. At the same time it was said the whistles on the plants of all such concerns in the country would blow for 15 minutes in recognition of Captain Rickenbacker who formerly was a driver of racing cars.

STRIKE IN PARIS.

Paris, Jan. 24.—A general transportation strike was declared in Paris this morning. The subway lines, surface cars and automobile busse were affected.

The strike apparently was well organized and at a wheel had turned up to 8:30 o'clock. Police were stationed at the entrance to every subway station.

The population took the matter calmly, even good naturedly, and walked to work.

Two American Canteen Workers Take Own Lives

(By The Associated Press.) BORDEAUX, Jan. 24.—Misses Gladys and Dorothy Cromwell, sisters of New York, leaped from the rail of the French Steamer La Lorraine, as the steamer was bound for New York today. Both were drowned. The bodies have not yet been recovered.

Both the young women belonged to the American Red Cross and were returning home. A letter found in their state room and addressed to the commanding officer of their Red Cross unit informed him of their intention "to end it all."

The Misses Cromwell are said to have belonged to a prominent New York family. They had spent much time at the front and friends said they had complained of being tired physically and mentally.

Creates Sensation.

New York, Jan. 24.—The dispatch from Bordeaux telling of the suicide of the Misses Gladys and Dorothy Cromwell created a sensation in society circles in this city. They were members of one of the city's most prominent families. Their home was at 535 Park Avenue, a fashionable district.

The Misses Cromwell, who were twins were daughters of the late Frederic Cromwell, for many years treasurer and trustee of the Mutual Life Insurance Co. Their brother Seymour L. Cromwell, is president of the society for the fatherless children of France and a recipient of the cross of the legion of honor.

The young women, who were canteen workers, went to France a year ago and had been engaged in Red Cross work continuously since.

The Misses Cromwell were orphans and for a number of years had resided with a housekeeper in their Park Avenue department. At their home, it was said that a message had been received several days ago announcing their intention to sail for the United States.

RAILROADS NEED \$150,000,000 MORE

(By The Associated Press.) WASHINGTON, Jan. 24.—The railroad administration needs \$150,000,000 more for its revolving fund to supplement the \$500,000,000 originally provided and now practically exhausted. In preparing this estimate for congress today, Director General Hines explained that \$196,000,000 of this sum represents loss to the government, incurred in operations last year and the remainder represents advances to railroad companies to be repaid eventually with interest.

Congress will be asked immediately to appropriate this amount which Mr. Hines declared would be necessary regardless of whether the railroad were returned to private management within a few months or retained longer.

The director general estimated that \$368,193,000 would be required this year to finance capital enterprises such as improvements and purchase of cars and locomotives which railroad companies are not able to finance without borrowing from the government. This figure also includes \$12,840,000 for contemplated expenditures on inland waterways and \$20,000,000 to finance a reorganization of the Boston and Maine.

ITALY DECORATES AMERICAN SOLDIERS

(By The Associated Press.) WASHINGTON, Jan. 24.—Forty eight officers of the American air service and one officer of the medical reserve corps who served in Italy have been authorized by the Italian minister of war to wear the Italian service ribbon the war department was informed today. The officers have returned to the United States and their official certificates from the Italian government have been sent to the division of military aeronautics for distribution. The officers decorated include:

William J. Flynn, Detroit, Mich.

Edward B. Mayer, Iowa City, Iowa.

Verlie Van Zele, Geneseo, Ill.

Clarence M. Young, Des Moines, Iowa.

ABANDON IDEA OF DESTROYING T. N. T.

WASHINGTON, Jan. 24.—Major General C. C. Williams, chief of ordnance told the house military committee today the department had abandoned the idea of throwing into the ocean or otherwise destroying greater surplus supplies of T. N. T., and other high explosives. He explained that 80,000,000 pounds of T. N. T., and 100,000,000 pounds of powder was on hand in addition to immense quantities of other explosives. The powder will be sold or kept for use of the war department, he said. A portion of the T. N. T. will be sold to the agricultural department, part will be sold to the trade, and the remainder will be kept in storage in well-guarded warehouses with unusual protections against fire.

SOLEMN WARNING TO WORLD ISSUED BY WAR COUNCIL

Events of International Importance Take Form

PARIS, Jan. 24.—(By The Associated Press.)—A series of international events of the highest order took form today at meetings of the council of the great powers and the military commanders on all the fronts. These may be summed up as follows:

First: The issuance of a solemn warning to the world that the possession of territory gained by force will seriously prejudice the claims of those who use such means and set up sovereignty by coercion. This declaration was framed by President Wilson.

Second: The appointment of a commission of the highest military authority, including the British minister of war, Marshal Foch, General Diaz and General Tasker H. Bliss to carry forward early demobilization and establish proportionate allied and associated forces on the western front.

Third: Discussion of territorial claims on conquered German colonies with hearings of interest to Australia, New Zealand and South Africa on German East Africa and the German island groups of the Pacific.

Fourth: Approval of the council of the striking of a medal for all troops taking part in the war.

Fifth: Authorization of M. Pichon, the French foreign secretary to draft instructions for the joint mission which is about to proceed to Poland.

Difficult Problems

The foregoing embrace some of the most difficult questions before the peace conference and with the projected action for tomorrow on the league of nations, indemnities, punishments, labor and international highways, it goes far toward clearing the state of mind of the large subjects before the conference.

While the solemn warning with regard to the gaining of territory by force specified no countries, it covered broadly the warring elements in the Ukraine and those around Vilna and Lemberg, where bombardments have occurred and also in the Caucasus where the new Georgian republic is fighting the new Armenian republic; also Serbian inroads on Montenegro, as well as territorial occupation along the eastern Adriatic, in Thrace and in Poland.

Some of these situations already have brought protests and other protests are expected so that the great powers decided to emphasize the principle that possession by force places a cloud on title.

The creation of a military commission for proportioning the troops on the western front brings the vigorous figure of Winston Spencer Churchill to the conference. The sentiment of the council was strongly for the principle of equal mobilization with the least possible delay. There is reason to believe that the commission will carry out the plans already before the war department in Washington for the return of American troops homeward as rapidly as transportation permits and that there will be no increase in the American proportion of troops in the occupied regions.

While the hearing on the German colonies was confined to the British dominions, Japan was represented on the council and expects to be heard in due time concerning some of the German Pacific groups and Klau-Chow.

British Have Important Proposal

It is understood that the British contemplate at which such problems as the German colonies, Mesopotamia and Palestine will be submitted to the league of nations, in order to avoid loss of time and territorial demand incompatible with the principles of the league.

The second plenary session of the peace conference after noon will have the league of nations as its foremost topic. This will be followed by the four questions—labor, indemnities, punishments and highways, as previously defined.

David Lloyd George, the British premier, will make the opening presentation of a plan for a league of nations at a brief speech, dealing largely with principles and leaving the details for the commission.

The part President Wilson will take in tomorrow's session of the conference has not yet been definitely announced.

MAJOR PARKER RETURNS FROM ITALY

NEW YORK, Jan. 24.—Major Victor C. Parker of Flint, Mich., who has served on the Italian front and Lieutenant A. H. Keith of Athens, Texas, a member of the French aviation service, returned today on the Calumet, Lieutenant Keith was shot down last August after seven weeks of service as an observer while flying above Noyon. He wore the Croix de Guerre.

The hospital ship Mercy, whose arrival at quarantine was reported yesterday landed here 429 sick and wounded today.

Newspapermen were not allowed on board the Mercy on this occasion and the identity of the wounded said to include some of the most serious cases yet brought over, could not be obtained.

Government At Omsk Increasing Its Authority

OMSK, Siberia, Sunday, Jan. 19.—(By The Associated Press.) The Omsk government headed by Admiral Kolchak is rapidly increasing its authority both east and west of Omsk. During the last week the Omsk government was advised of the adherence to the authority of General Denikin, the leader of the Omsk forces west of the Urals, of General Krasnoff the hetman of the Don Cossacks, and General Filimonoff, hetman of the Kuban Cossacks.

Admiral Kanine, it is announced has been appointed commander of the Russian Black Sea fleet. He is a subordinate of General Denikin who now holds sway over Odessa, the Crimea and Sebastopol.

It is announced in government circles that the controversy with General Semenov, the anti-Bolshevik leader in the region of Chita is in a fair way to a settlement of a commission to try charges against him and has signified his readiness to join General Dutov in fighting the Bolsheviks. It is understood that General Semenov has informed Admiral Kolchak that he was the victim of a misunderstanding.

The charges against Semenov include that of interfering with the telegraph and railway lines, seizing money in banks and intimidating railway employees. Allied officers in Omsk continue their good offices in the interest of a settlement.

M. Savinkoff and Vladimir Bourzoeff, now in Paris have telegraphed offers of their support to Admiral Kolchak. The adherence of Savinkoff is regarded as adding important strength to the Omsk government.

Revolutions at End.

It probably will be premature and over-optimistic to declare that the Omsk government has inaugurated a settled regime and that insurrections and civil conflict in non-Bolshevik Russia are at an end.

There is a unanimous feeling that a powerful personality like Admiral Kolchak is necessary to carry the government over the present crisis. If he succeeds in holding and strengthening his position in the next six months these observers believe he will have formed the nucleus of an orderly and permanent regime, whatever political form it may eventually assume. The correspondence visited the churches in Omsk during the services Saturday night and found them all crowded. The Cathedral was overflowing. Most of the worshippers were men and all were standing quietly at prayer.

Just as along the four thousand miles of the trans-Siberian railway to Omsk the masses of the Russian people apparently crave only peace and order, opportunity to obtain the necessities of life and a fair measure of comfort and happiness. They say they are surfeited with suffering war and sorrow. It is hard to reconcile the gentle, sympathetic and hospitable Russians encountered everywhere in this region with the tales of ferocity coming across the Urals.

FATE OF MRS. THOMAS IN HANDS OF JURY

(By The Associated Press.) PEORIA, Ill., Jan. 24.—Whether Mrs. Zelia Thomas will be punished for the slaying of David Thomas, her husband, a wealthy horse buyer in Canton on Nov. 20, now rests with the jury. The murder trial closed with a night session at Lewistown tonight.

Mrs. Thomas continued her narrative of self defense at the morning session today. She declared that she killed her husband when he threatened the life of both herself and Miss Vera Watts, a young neighbor girl whom she had invited to her home to sleep with her. She denied any improper relations with other men which the state had attempted to establish. In his closing address State's Attorney Cutler asked for punishment commensurate with the crime of Mrs. Thomas.

WELCOME MOTHER OF "RUSS" REVOLUTION

(By The Associated Press.) CHICAGO, Jan. 24.—Madame Catherine Breshkevskaya, known as the "Mother of the Russian revolution" arrived in Chicago today enroute from Seattle to New York. She is making a tour of the country to raise funds for the relief of 4,000,000 Russian war orphans.

She was met at the railway station by a crowd of Russians, Jews and Poles, which greeted her enthusiastically with shouts of "Welcome, Little Mother."

She was presented with a large bouquet tied with a scarlet ribbon which she waved above her head as she thanked the crowd. She said she left Chicago 14 years ago to go to Russia and that she was glad to be back in America again. In the crowd which welcomed the visitor was Miss Jane Adams, Dr. Rachelle Yarros, Miss S. P. Breckinridge and Miss Ellen Gates Starr. She will remain in Chicago several days before proceeding to New York.

WILSON'S FAMINE RELIEF MEASURE PASSED BY SENATE

Bill Now Goes to Conference to Adjust Minor Details

(By The Associated Press.) WASHINGTON, Jan. 24.—After a week of spirited debate the senate tonight by a vote of 53 to 13 passed the administration bill to provide \$100,000,000 for famine relief in Europe and the Orient.

The measure now goes to conference for adjustment of minor details. Amendments but leaders believe final enactment will be accomplished next week.

Senator Martin of Virginia, the Democratic leader and Overman of North Carolina and Warren of Ohio were appointed senate conferees.

The most important senate amendment changed to house section amendments but leaders believe final enactment will be accomplished next week.

All amendments designed to limit the power of President Wilson or Food Administrator Hoover in distribution of the fund were rejected recently by the senate and no final effort was made today for their adoption.

On the final roll call fifteen Republicans and three Democrats voted against the bill's passage, while thirty four Democrats and nineteen Republicans joined in its support.

Opponents Make Final Stand

Opponents of the bill made a final stand against it today with Senator LeFollette of Wisconsin, Borah of Idaho and Sherman of Illinois, Republicans, leading the fight. Senators Knox of Pennsylvania, Colt of Rhode Island and Smith of Michigan spoke in support of the appropriation. Senator LeFollette vigorously said the bill was neither a war, peace nor charitable measure and declared that the horns and hoofs of the beast trust could be seen thru the bill's "mant

INSPIRING MEMENTOES.

The Christian Science Monitor well says:

"There is no more inspiring memento of a great military conflict than a battle flag, and for that reason it is hoped by many people of the United States that the War Department in Washington will carry out its plan of permitting those organizations having a majority of members from a single state to retain their colors in order that these emblems may be placed in the respective state capitols.

"On of the most impressive features of the State House in Boston, Massachusetts, is the Hall of Flags where stand the national, state, and regimental colors carried by Massachusetts troops in the Civil and Spanish-American wars, while above the alcoves where the flags are displayed is a painting of blue-coated standard bearers in the Civil War marching up the steps of the State House to deliver their waving banners into the hands of Governor John A. Andrew. When the United States military organizations have all returned from France, would it not be well to designate a Flag Day upon which the colors should be placed in the keeping of the state and national authorities?"

The report that when President Wilson leaves the peace conference that Newton D. Baker, secretary of war, will take his place will no doubt cause a great deal of enthusiasm on the part of Senator Chamberlain and other strong critics of Mr. Baker's methods. Leaving out the question of politics, who can claim that Mr. Baker is as well qualified for the place at the conference table as Mr. Taft or Mr. Root, both of whom have been named as possibilities.

CANNOT IGNORE RUSSIA.

Those who are objecting to the use of allied troops in Russia and who think the Russian situation should be ignored, forget that Russia occupies more than half of Europe. For the allied nations to simply wash their hands of the Russian situation and permit chaotic conditions there, would be blind and suicidal.

If there is to be permanent peace in Europe there must be some stable form of government in Russia. In recognition of this fact there will be general approval of President Wilson's plan which was adopted by the peace conference, of giving a hearing to the various factions in Russia that are able to set up any substantial claims to power. All these factions are not to have representation at the council but

CHANGES NEEDED.
Changes in the honor system at Illinois penal institutions are proposed in a law to be presented to the Illinois general assembly at the present session. Remembering the recent escape of prisoners from the Rock Island jail and some other happenings in the jails and penitentiaries in the past year, there is plenty of evidence that some change in systems is desirable.

The president's \$100,000,000 food relief measure for Europe has passed the senate after much discussion. There would have been less debate were there two senators on the U. S. delegation at the peace conference. Just why the president did not give the senate this direct representation is a mystery since the senate must ratify any peace treaty into which the U. S. enters.

STILL IGNORING LAW.
Speaking of speeding on West State street, continued violations of the speed section of the traffic ordinance are bad enough but no worse than the continued ignoring of the sections relating to cut-outs. It is a frequent occurrence for cars to dash up or down that street after midnight at a 40 mile speed with cut out open.

There is no grave danger of running down pedestrians at that hour of the night, but certainly there is no use in disturbing the sleep of every resident. As has been mentioned, some enforcement of the traffic law offers the city a needed source of revenue in these days when the treasury is empty.

A CARTOON MESSAGE.
There is many a good thought told in cartoon which cannot be as well expressed in a column of reading matter. This was the case with Orr's drawing in the Tribune Thursday. This cartoonist, who is rapidly taking equal rank with John T. McCutcheon, gave a picture of an international school.

"The world" was on the front seat with School Master Wilson nearby, evidently devoting all of his time in an endeavor to straighten out the problems on which "the world" was busy. On the back seat, ignored, was Uncle Sam, perplexed and struggling alone with problems of taxation, revenue and reconstruction. The cartoon was above the caption "Teacher's Pet." Evidently Mr. Orr believes that the settlement of important questions, like charity, "begins at home."

The report that when President Wilson leaves the peace conference that Newton D. Baker, secretary of war, will take his place will no doubt cause a great deal of enthusiasm on the part of Senator Chamberlain and other strong critics of Mr. Baker's methods. Leaving out the question of politics, who can claim that Mr. Baker is as well qualified for the place at the conference table as Mr. Taft or Mr. Root, both of whom have been named as possibilities.

THE UNFORTUNATES

"Oh, come and feed our faces," the abject Germans whine; "in countless Prussian places men have no chance to dine; their cultured works are hollow, they have no roasts to swallow, no pie or cake to follow, and neither beer nor wine. Americans!" they bellow, "pray feed the Germans first, we know we're puny and yellow, but feed us till we burst; send on your cooks and waiters and feed our yawning craters with beef and yams and taters, and kraut and liverwurst." Oh, chee, if I were bossing this graft of dishing grub, no pies would I be tossing to any Prussian dub, till all the other critters were given cakes and fritters, ice cream and stomach bitters, and grape juice by the tub. I'd say to Fritz and Helnie, "Shooost vaht! The valting's good; you get no morsel tiny of rich uplifting food, till all the other nations have had abundant rations; so can your lamentations, and saw a rick of wood. You lose at every clatter when you appeal to me; for you're a whole lot fatter than hungry men should be; your fat in folds and creases, and yet you bring valises to carry off the pieces of all the grub you see. My first chore will be feeding my friends, heroic souls; they'll get the bread they're needing and soup in flowing bowls; and you, the licked and beaten, may come when they have eaten the doughnuts crisp and wheaten, and gather up the holes."

CITED FOR SERVICE.

The name of Private Sidney M. Smith of Pearl, Ill., appears on the war department's list of soldiers cited for distinguished service. This young soldier is a son of Edwin Smith of Pearl and is a member of Co. H, 308th infantry. He is cited for extraordinary heroism in action near Binerville, France, Oct. 2-8, 1918. The war department statement reads: "When his company had been cut off from communication Private Smith, who seriously wounded, pressed to seek shelter. He participated in attacks with courage, and when relief came walked to the dressing station so that medical attention could first be given to more seriously wounded."

MAY BE CANDIDATE FOR CITY CLERK

While there has been some talk about candidates for mayor and aldermen thus far the only name mentioned in connection with the office of clerk is that of R. L. Pyatt, who is now holding that position by appointment. Mr. Pyatt has served two administrations and has handled the affairs of his office in a very efficient way. His relations with the public have been satisfactory as he is uniformly courteous.

MORTUARY

Laurie.

Mrs. T. E. Laurie of 525 East College avenue died at Passavant hospital at 5:15 o'clock Friday morning.

Deceased was formerly Miss Nettie Hellenthal daughter of M. and Magdalena Minter Hellenthal and was born in this city October 3, 1871. She grew to womanhood here and attended the public schools and the high school.

October 23, 1897 she was united in marriage to T. E. Laurie in this city. She is survived by her husband and two children, James Laurie and Alice Laurie both living at home.

She also leaves her father and the following brothers and sisters: Charles Hellenthal of Springfield, Mrs. Margaret Coleman, Colorado Springs, Edward Hellenthal of Honeybrook, Pa., Mrs. Schaeffer of St. Joseph, Mo., Mrs. Oswald of Colorado Springs, William Hellenthal of Beardstown, Walter Hellenthal city and Roy Hellenthal of St. Joseph, Mo.

Miss Laurie was a member of the Congregational church and was faithful in church work. She was devoted to her family and withal a woman who commanded the high esteem of all in the community where she had spent her entire life.

The remains were removed to the undertaking parlors of W. V. Gilham and prepared for burial. Funeral services will be held from the parlors at 2:30 o'clock Sunday afternoon in charge of the Rev. W. E. Collins pastor of Congregational church. Interment will be in Diamond Grove cemetery.

Wilkerson.

Edna Faye Wilkerson a pupil at the State School for the Deaf died at the institution at 7 o'clock Friday morning. The little girl whose home was in Benton had been a pupil at the school for about two years. She had only one living relative so far as is known an aged grandmother who is nearly blind.

One summer she remained at the school and last year a lady in Pike county took her to her home for the summer vacation. The little girl was suffering from tuberculosis and in January 1917 had pneumonia and again in November of the same year had another attack of the disease.

Recently she suffered an attack of influenza which developed into pneumonia. In her weakened condition she was unable to withstand the disease and her spirit took flight Friday morning. Funeral services will be held and burial made in Diamond Grove cemetery at 10:30 o'clock Saturday morning.

Seymour.

Mrs. Amy Elizabeth Strawn Seymour daughter of Jacob and Emma Strawn was born August 2, 1889 near Alexander and died at her home in Franklin Thursday morning, January 24th, 1919, at 4:45 o'clock.

She was married to Lora Seymour Nov. 23, 1911 by Rev. A. H. Flagg and to this union three children were born. Monsolette Roberts age 7 Leota Louise age 6 and Enola Mardelle aged 3. These children with her husband are left to mourn her loss. She also has a stepfather L. A. Caldwell of Franklin, two brothers Clifton Strawn of Pawnee and John B. of Franklin, one sister Mrs. J. W. Ward preceded her in death November 4, 1918.

Deceased was a member of the Franklin Methodist church and was well known in the community in which she lived. The funeral will be held at Franklin cemetery at 2 o'clock Sunday afternoon in charge of Rev. Miller.

WILL TALK ABOUT NEW ERA PLANS

Rev. Marion Humphreys will address Presbyterians here Sunday—Three Services Will be Held.

Rev. Marion Humphreys, presbyterial pastor, by special arrangement will come to Jacksonville Sunday to speak in all three of the Presbyterian churches. The presbyterial pastor is coming at this time in order to give an explanation of the New Era movement to the church members. Mr. Humphreys will have with him charts and some descriptive matter that will make plain the purpose of this, the largest movement that the Presbyterian churches have fostered for many years.

As previously mentioned, these meetings are being held in the churches thruout the presbyterial prior to the conference on the New Era movement which will be held in Chicago in February. Mr. Humphreys will speak in State Street church at 10:45 o'clock Sunday morning, at a special vesper service at 4 p. m. at Westminster church and at Northminster church at 7:30 o'clock. On account of the vice mentioned above there will be no evening service at Westminster.

TRACTOR SCHOOL WELL ATTENDED

International Harvester Company's Instructions Give Farmers Valuable Help on Tractors.

All who attended the tractor school which will close this afternoon after a two days' session were well satisfied in every respect. The school is in progress at the Zahn sales room. All that we were able to talk to said that they were so well pleased that should a school be held within reasonable distance another year, they will be sure to attend.

A more timely subject than the operation of tractors could be studied in this community. It is timely both from the standpoint that there are many new tractor owners and also from the necessity of keeping all the tractors working this following season. The object of these tractor schools is to give tractor owners and others interested in power farming some first-aid work for the tractor.

A very fortunate feature of the tractor school was its practicability. The instructor, E. M. Logan, assisted by O. H. Bade and C. J. Tiefenbrun from Springfield certainly know how to bring out points in a clear, understandable fashion. They started in at the beginning and went through the principles of operation of an internal combustion engine, and step by step took up the various systems into which the mechanism of a tractor could be divided. For instance, mechanical and power system, fuel and carbureting system, ignition system, lubricating system, governing system, air and gas system.

The flowers were cared for by Miss Jessie Vancollas, Miss Evelyn Ferreira and Miss Ruby Escorse. Burial was in Jacksonville cemetery the bearers being, Col. Vieira, Vincent Vieira, Hiram Day, Henry Pereira, John Fernandes and Charles Patterson.

GOING TO WISCONSIN

Mrs. Harrison Corbridge who has been in Jacksonville for some time, is going to Wisconsin. After being there a few days she will go to Park Mills, Wis., to join her husband, who is serving as a baker at a central lumber camp there. Mr. Corbridge owns a bakery business in Bluffs but leased it for a year as he expected to be called into the military service.

WESTMINSTER GUILD

The members of Westminster Guild met Friday afternoon at the home of Mrs. G. C. Guthrie on Prospect street. There was a large attendance of members and the hour of study was very interesting.

Social Events

Entertained For Class.
Mrs. W. D. Cole entertained the Amoma Sunday school class of First Baptist church at a thimble party at her home on Richards street Thursday afternoon. The teacher and sixteen members of the class were present. A delightful social time was enjoyed and the hostess served refreshments.

Mrs. E. L. Kinney Hostess to South Side Circle.
Mrs. E. L. Kinney was hostess to the South Side Circle at her home on South Prairie street Friday afternoon. There was a good attendance and the paper was presented by Mrs. W. O. Waite, her subject being, "Our Native Trees." Following the business session a social hour was enjoyed and refreshments were served.

Entertained For Guests.
Mrs. Fannie Wells entertained at her home on Chambers street Friday afternoon in honor of Mrs. Grace Kieri and children of E-Poria. Music was furnished by Mrs. L. B. Sargent and children. Light refreshments were served and the afternoon happily spent.

Clio Circle of Litterberry Met.

Miss May Myers was hostess to members of the Clio circle of Litterberry Christian church Friday afternoon. This was the first meeting of the circle since October, as the influenza situation made it impossible to meet regularly. There were eighteen members present and at the business session various matters of importance were discussed. The election of officers for the ensuing year was held and resulted in the choice of the following:

President—Miss Emma Johnson.
Vice President—Miss May Myers.
Secretary—Miss Lora Petefish.
Treasurer—Miss Wilma Crum.

In the course of the social hour which followed the business session the hostess served delicious refreshments.

Woodson Unity Workers Met With Mrs. Steinmetz.

The Unity Workers of Woodson Presbyterian church met Thursday afternoon at the home of Mrs. J. Steinmetz. Because of influenza condition it had not been possible to meet since September. The members responded to roll call by verses of scripture, and at the business session various plans were discussed for the coming year. A committee was appointed to serve during January and February, including Mrs. Steinmetz, chairman; Mrs. Leach, Mrs. Devore, Mrs. Baxter. A pleasing feature of the afternoon program was a duet, "Help Some Today," by Mrs. Glasgow and Mrs. Hoagland. The closing prayer was by Rev. Mr. Powell. Following the business meeting a pleasant social time was had, during which the hostess served refreshments. The February meeting will be held at held at the home of Mrs. A. E. Powell.

REV. F. B. MADDEN HOME FROM CHICAGO

Rev. F. B. Madden returned yesterday noon from Chicago where he attended the Missionary Centenary Conference of the Chicago area of the Methodist Episcopal church. There were 1000 ministers and 2000 laymen in attendance and more than 5000 present at the closing service to hear Dr. John Mott and Bishop W. F. McDowell.

Great enthusiasm marked all the sessions of the conference. On his way home Mr. Madden visited his daughter, Miss Katherine, who is teaching in the high school at Bellflower, and Rev. W. A. Boyd and family of Champaign. Mr. Boyd was formerly pastor of the West Jacksonville charge and he and Mrs. Boyd sent their regards to their many friends.

OLD FRIENDS MEET

William Fletcher of Chandlerville was among the visitors in the city yesterday. He had a pleasant visit with his old time friend and army comrade, J. T. Osborne at the C. C. Phelps Dry Goods company's place. Mr. Fletcher was for a considerable time in business in Jacksonville but for a long time has been away tho not forgetting the place and his old friends.

ROUTT HIGH WON IN OVERTIME GAME

Defeated Virginia High in Game That Required Two Five Minute Overtime Periods to Decide the Winner—Game Full of Thrills.

In a game marked by two five minute overtime periods Routt high defeated Virginia high at Liberty hall Friday night by a score of 16 to 14.

The game was filled with thrills, especially the second half and old basketball fans who have witnessed nearly all of the Routt games said it was the greatest contest ever staged in Liberty hall. So fast was the going that "Red" Harmon, Illinois College coach who refereed the game said he had blisters on the bottoms of both feet from getting them so hot following the play.

When the first half ended things looked blue for a Routt victory. The Cass county lads got started early and had the Routt boys beaten by a score of 10 to 2 when the half closed.

In the second half Routt players came back with blood in their eyes. Evidently Coach Conlon had given them a straight from the shoulder talk. Anyway those boys started in and soon tied the score. There was such a din that it was impossible to hear Referee Harmon's whistle.

When the final whistle blew the score books showed the score a tie at 14 all. A five minute overtime period was played and the both teams worked at top speed the defense was so strong that neither was able to score.

When the second period was immediately started. When it was about half gone Routt tossed a field basket and the crowd went crazy. Shortly afterward a Virginia player shot the ball into the basket and it rolled all around the ring on the inside and then jumped out. The spectators' hearts were in their mouths while the ball was performing that stunt and it was no place for a man with a weak heart.

For Routt all of the men deserve credit for the victory. It was due to excellent team work and defensive playing more than to scoring ability that brought victory to the Routt banner for their foul tosser was unable to score a point by that route. Rook and the two Woulfe's scored all of the points.

For Virginia Meade and Skiles were the stars on the offense and Meade also starred on the defense. The score:

LOCAL HIGH LOST TO MT. STERLING

Home Boys Blow Up in Second Half and Mt. Sterling Ramps Away With Game—Score at End of First Half 6 to 5 In Favor of Visitors.

After holding Mt. Sterling to a score of 6 to 5 in the first half Jacksonville high blew up in the second half and the visitors romped home with the bacon by a score of 19 to 12.

Perhaps one reason for the poor showing of the local five was the fact that Capt. Smith, center was sent from the game in the first half because of four personal fouls. The visitors seemed to be able to solve Jackson-

vile's defense after that and ran up a total of fifteen points.

The local five did not seem to be able to get together and not a man on the team was able to negotiate the basket with any accuracy. Rexroat was the main point maker.

For Mt. Sterling Jones at forward and Briggs at center, scored most of the points and their work alone defeated the locals.

Hurdlee and Gibson also did good work at the guard positions.

The junior high school defeated the sophomores in the curtain raiser by a score of 9 to 7. It required a five minute overtime period to decide the winner.

CONFERENCE HELD ON ROAD ROUTES

Hearing Before Department of Public Works Friday — High Prices of Labor and Material May Delay All Work.

Springfield, Ill., Jan. 24.—A number of citizens of Jacksonville and other cities west of Springfield were in session here today with Frank H. Bennett, director of the state department of public works and buildings, in the interest of the state aid hard roads to

be constructed out of Springfield in a westerly direction to Quincy, under the provision of the \$50,000,000 bond issue bill.

Two routes, one known as the north and the other the south, are to be built and the question at issue is which shall be constructed first. The north route goes out of Springfield to Beardstown, thence to Mt. Sterling and to Quincy. The south route goes to Jacksonville from Springfield, from Jacksonville to Winchester, Pittsfield and Quincy.

After both sides had presented their arguments, the department took the question under advisement and will decide it on its merits.

State Auditor Andrew Russell of Jacksonville called the meeting to order and asked former Congressman Eliza Williams of Pittsfield to the chair.

Among the Morgan county people in attendance beside Mr. Russell, were M. F. Dunlap, F. H. Rowe, F. L. Sharpe, E. E. Crabtree, E. B. Wiswell, H. K. Snyder, George J. Orear, Logan Black, Andrew Harris, C. H. Gibbs, C. M. Strawn, John Snyder.

The delegation in favor of the north route, which would not run through Jacksonville, was headed by Fred Walbaum of Ashland and L. P. Crockett of Mt. Sterling as secretary. Both delegations were given to understand that it is possible nothing will be done this year on account of the prevailing high prices for materials. It was mentioned that cement is now quoted at \$2.10 per barrel, while in the comparatively recent past \$1.25 was considered a fair price.

Some Obstacles.

Another obstacle in the way of early road building is the fact that the bonds which will bear 2 1/2 per cent and be subject to taxation, will not be easy of sale at this time. The interest is less than for government securities, which are not subject to taxation. It is greatly desired to push the paving work but the authorities realize that on present basis of cost of labor and materials that the \$50,000,000 bond issue will not raise sufficient funds to build the roads contemplated when the measure was framed.

James M. Miller of Decatur was a visitor in Jacksonville yesterday, a guest at the home of his brother, J. Marshall Miller.

EVERYBODY STRONG FOR RED CROSS WORK

Fine Enthusiasm Shown Both City and Country Precincts—Business District Organization Announced—Notes.

The Red Cross headquarters in the Knollenberg building now is presenting a busier scene each day as the organization work nears its climax. The voluntary memberships are rolling in and a goodly number of names were added to the 100 per cent list yesterday. The county precincts are vying with Jacksonville in their interest and enthusiasm and there is no question but what the record of the thirty-one precincts of the county will equal, if not exceed, the good record of the past.

Interest Apparent.

Some of those engaged in the campaign work were fearful that because the war is over there might be some lack of interest and the people might feel the need was past. These fears are proving groundless for there has come the general understanding that while the war is over, that the Red Cross work goes on forever and that there is particular need for the activities of the society just now, both overseas and at home.

Canvassing teams have been named for all the residence districts of Jacksonville and still other teams for the business district. People in the business district have the opportunity of taking the membership to be credited either thru their own home district or thru the workers in the business district. It is simply a matter of choice and business people can follow their own wishes in this matter.

Monday Night Conference.

While no telegram came from Sergt. Wayman yesterday, Dr. Kopperl feels quite certain that the Canadian soldier will arrive today, ready to help in the campaign with his fine and contagious enthusiasm. Sergt. Wayman is expected to be one of the speakers at the big campaign meeting to be held at Central Christiana church at 6:15 o'clock Monday evening.

All workers in Jacksonville and from all over the county are invited and expected to be present for this general meeting. Supper will be served and it will be followed quickly by the general session. The purpose of the meeting is to bring about a thorough understanding of all campaign plans and to thus make it possible to push the work with vigor during the few days of the campaign.

In Business District.

The city is being rapidly organized and canvassers are at work soliciting funds for the great cause. For the business district the following is the line up.

E. A. Brennan, general captain
First ward: Charles Ehnie, captain; John Ferry, G. B. Andre, Ernest Grassly, assistants.
Second ward: Henry Frisch, captain; J. N. Kennedy and George Lukeman, assistants.
Third ward: M. R. Fitch, captain; J. S. Hackett and W. J. Brady, assistants.
Fourth ward: Thomas Duffner, captain; C. J. Deppe and R. F. Thompson, assistants.

NOTES.

A number of the Yugoslav Camp Fire girls were among those assisting at headquarters yesterday. The girls will be on duty today counting out badges and supplies for use in the campaign.

A generous person paid into the fund \$16, covering memberships for all the sisters at Our Savior's hospital.

Andrew Russell sent headquarters his check for \$19 covering memberships for all of his immediate family and his sisters. Even the little son of Lieut. Stuart Russell is included in the list.

Among the firms added to the 100 per cent list at Red Cross headquarters yesterday were Jacksonville Farm Supply Co., Our Savior's hospital, Dunlap, Russell & Co., Hofmann Floral Co., W. S. Ehnie & Bro., Majestic Theatre, E. A. Shoedsack, Mullenix & Hamilton, Widmayer Market No. 2, Andre & Andre, T. M. Tomlinson, John H. O'Donnell, Mrs. Charles Price.

ADDED TO THE DOCKET

One more case was added to the docket of the circuit court yesterday, for hearing at the February term. The suit was filed by Bellatti, Bellatti & Moriarty and is a partition proceeding brought by Judy Barnett against Sol Cowan.

CARD OF THANKS.

We wish to express our heartfelt appreciation to our neighbors and friends, for the many kindnesses shown us during the illness and death of our dear daughter and sister. Also for the many beautiful flowers. Mr. and Mrs. Noudett and family.

WILL ISSUE PASS-PORTS LATER.

BIRTHDAY PARTY AT ALEXANDER FRIDAY

Pleasant Gathering Last Night in Honor of Birthday Anniversary of Howard Moss—Mrs. James Ledford Summoned to Wheaton—Visitors from Springfield.

A birthday party was given Friday evening at the home of Mr. and Mrs. Charles Moss north of Alexander, in honor of the birthday of their son, Howard Moss. A large company of young people gathered at the Moss home and several hours were spent in a very pleasant manner. During the course of the evening excellent refreshments were served. All departed at a late hour, wishing their young host many returns of the occasion.

Mrs. James Ledford left Friday morning for Wheaton, Ill., where she was summoned on account of the illness of her husband. Mr. Ledford left for Wheaton two weeks ago to take up the duties of a new position, and was recently taken ill with influenza. His many friends here will hope for his speedy recovery.

William and Wes Mallott and sister, Miss Louise, of Springfield, are guests at the home of their aunt, Mrs. Caroline Luby, in Alexander.

A DREADFUL ACCIDENT
Thomas Barber, residing north of the city has just returned from Warrensburg, near Decatur, where he was called by a terrible accident which was suffered by his niece, Mrs. Lillian Majors. The lady had used a fruit can with some coal oil in it setting on the warming oven of her range and standing by the range she reached up to the oven to take something from it and tipped the can with the oil in it on the hot stove. It splattered all over her and she was fearfully burned and cried for help. At first she thought of a rug on the back porch and opened the door to get that and the wind flamed the flames all over her so she shut the door and ran toward another room where she was met by a woman who had been sick in bed. The flames were finally put out but her recovery is doubtful.

ARMY MEN TALKED TO ROTARY CLUB

Gen. T. E. Clark Wounded and Killed—Soldier Talked of Greenness—Guest of Henry Pinkerton—Lieut. Marbach Also Here.

At a meeting of the Rotary club yesterday W. L. Fay as vice president presided in the absence of H. M. Capps, president. The half hour following luncheon was occupied by Lieut. W. H. Marbach, newly chosen pastor of late State church, and Lieut. Thomas E. Clark, who is making brief visit here with his friend, Henry Pinkerton. Lieut. Marbach spoke very briefly of his connection with the army as chaplain and mentioned the pleasure he had felt in coming to Jacksonville as a resident.

Mr. Pinkerton, who was at the front for several months in army Y. M. C. A. service, also spoke very briefly, talking not so much about his own work as about his acquaintanceship with Lieut. Clark, who was later introduced.

Lieut. Clark, whose home is in Indianapolis, Ind., was taking an engineering course at the University of Illinois when he entered the army's training camp where he was awarded a commission as second lieutenant and his advancement came in recognition of his service on the field of action. He served with the 59th infantry in the fourth division and left New York early in May for Liverpool. So he had the good fortune, a soldier's count it, to be in action service for seven or eight months. His regiment went into action at Chezy-en-Orneu and later was in the fight at Dole and a subsequent campaign in the same sector. Lieut. Clark was wounded and gassed in one of these engagements. Later with other troops he was in action in St. Mihiel sector, where Lieut. Clark again suffered wounds.

Between the period of Sept. 6 and Nov. 18 he was in six different hospitals. It was Nov. 29 that Lieut. Clark was invalided home, coming on the U. S. S. Finadon. As he was the first of the Indianapolis soldiers to return, he goes without saying that the people of his home city gave him a royal welcome.

It was in the hospital at Rouges-Las-Eaux that Mr. Pinkerton and Lieut. Clark became friends and their meeting at the hospital was the cause of Lieut. Clark's visit here now. While he returned soldier talks modestly about his part in the conflict, he shows very plainly that he is no means fully recovered from his wounds and the gas attack. He confesses to a feeling of nervousness and is not yet satisfied to remain in one place very long at a time.

Why wait until spring to have that Ford overhauled, because when the birds begin you'll want to use it and it will not be ready. Have it now. Remember only 90c per hour. Muehlhausen & Gruber, Ill. phone 1049, 36 N. Main, across from Berry's Livery.

BIG POULTRY SHOW IN DECATUR

D. T. Heimlich has returned from Decatur where he was judge at a highly successful poultry and rabbit show. Two admission was charged the attendance was large and made of thousands and rabbits. He and Charles McCleave of Ohio were the judges and the affair was a great success and spoke well for the energy and enterprise of the people of Macon county and Decatur, its capital.

AUTO AND STREET CAR IN COLLISION

Dr. G. H. Kopperl and Wm. Batz Had Narrow Escape From Injury.

Dr. G. H. Kopperl had a narrow escape from serious injury Friday morning when the automobile he was driving came into collision with a street car. Dr. Kopperl by the force of the collision was thrown against the top of the automobile in such a way that he received a bad scalp wound. William Batz who was with Dr. Kopperl was badly shaken up but not injured.

There were also some minor scratches and he was generally shaken up. The accident happened early Friday morning near the Kopperl building on West State street.

Dr. Kopperl has just started the engine of his car and because of this noise he did not hear an approaching street car. As a result he turned across the track directly in front of the car. The collision was inevitable but fortunately the street car was not driving at a very rapid speed and the motorman was able to make a quick stop. The car fender was bent and the machine was done some other minor injuries but was still in a usable condition after the accident.

COUNTY COURT CASES ARE HEARD

In the county court yesterday John C. Lair appeared before Judge Samuel and pleaded guilty to the charge of abandoning his wife and children. The defendant was ordered to pay \$3 a week toward the support of his family and was placed under a \$400 bond. Lair has a wife and three children and no good reason was shown to the court why he should not take care of them instead of spending his money in riotous living.

Charles Daley who was charged with assault with a deadly weapon, also entered a plea of guilty. He was given a fine of \$50 and costs and sent to jail for thirty days. Daley was accused of attacking Mrs. Berry with a knife. Still another defendant to plead guilty was Herbert Fry who was charged with being intoxicated on railroad property. He was ordered to pay a fine of \$35 and costs. Both Daley and Fry have gone to Sheriff Wetherford's hostelry to lay out their fines.

MRS. MILLER'S SALE

Horses, cows, hogs and farm implements will be sold by Mrs. Alex Miller at the farm, 3 miles southwest of Alexander, next Thursday, Jan. 30. Sale begins at 10:30 a. m. Charles M. Strawn, Auctioneer.

IS NOW ON ADMIRAL MAYO'S FLAGSHIP

Word has been received from Senior Lieutenant Emmett Keating that he has recently been assigned to duty on the Battleship Pennsylvania, the flagship of Admiral Mayo of the Atlantic squadron. Lieutenant Keating since the beginning of the war has been in charge of a gun crew in the transport service. This assignment may be regarded as a distinct promotion as the Pennsylvania is the finest ship in the United States navy and acted as escort to the George Washington when it took President Wilson to Europe. The vessel burns oil instead of coal and is the last word so far in modern battleships. Lieutenant Keating's many friends will be glad to learn of his recommendation for his new work.

BOARD HAS CONTRACT WITH J. W. ROYER

Judge O. P. Thompson Gives Opinion Which Settles Recent Controversy Before School Board Members.

The board of education met in called session last evening for the purpose of acting on matters pertaining to the new high school building to be erected. The principal matter before the body was the opinion of Judge Owen P. Thompson regarding the matter of contract with Mr. Royer, architect, and the consideration of specific articles of agreement with the architect regarding the work he is to do. Judge Thompson holds that Mr. Royer has a contract with the board. The text of the opinion is given below.

The Proceedings

The board met in called session with Members Pierson, Parker, Metcalf, Muehlhausen and Rapp present; President Lippincott in the chair. Absent members: Hopper, Duncan, Rogerson and Black. The secretary read the report of the committee appointed to wait on Judge Thompson to secure his opinion regarding the matter of contract with Mr. Royer and stated that the committee had performed its duty and had the opinion of the judge to offer and it was read:

Judge Thompsons Opinion To the Board of Education, School District No. 117:

Complying with your request for an opinion as to the legal effect of the actions of your board heretofore taken in reference to the construction of a high school building at Jacksonville, Illinois, under the program adopted by your board, I submit the following:

Your board adopted a proposition of terms on which architects were to be invited to submit plans for a high school building at Jacksonville, Illinois. The proposition and terms have been designated in the proposal as a Program of Competition for High School Building at Jacksonville, Illinois. Under the program adopted a jury was selected which consisted of the Board of Education, two architects chosen, viz: Thomas E. Talmadge and Dave T. Stephens, Jr., the Superintendent of Schools and also "the Architectural Advisor, Harry K. Holzman, who was authorized to be present but without the right to vote.

Royer Plans Selected

This jury so composed was to pass upon the merits of the plans and drawings submitted by the competing architects. No question has been raised as to the steps taken up to the time when the jury met for the purpose of passing upon the plans and drawings and making its award. The jury met and made its selection of plans and drawings submitted to it. Under the methods of procedure adopted in the program, the plans and drawings submitted by J. W. Royer were selected. The plans selected were designated as number three. One of the provisions of the program which refer to the method of the selection of the plans, provided as follows: "The jury will proceed to select the set of drawings which they deem best and which shall conform in all respects to the duties and requirements of this program. "After the jury has made its selection, the architectural advisor or will deliver to the jury the sealed envelope which bears the number corresponding to the number of the designated selection, and will open the same and read the name of the author. The opening of the envelope and the reading of the name of the author will automatically close the contract between him and the owner, printed as part three hereof. Part three referred to, contains the terms and conditions of the contract.

Assuming that all steps leading up to the time of the selection by the jury of the plans, have been complied with; the question on which you ask advice is whether or not under the records of the proceedings of your board and the circumstances detailed by members of your board, a legal contract now exists between the board and J. W. Royer, architect. Mr. Royer having most nearly complied with all of the mandatory provisions contained in the program, the board adopted for its guidance, and his plans having been accepted by a vote of the

jury, a legal contract resulted.

The questions of bias or prejudice and irregularities that have been mentioned as having taken place either before or after the selection, are not in my opinion sufficient to vitiate the contract. There is no intimation or charge made by anyone that the successful competing architect, J. W. Royer, was connected with or responsible for any of the things claimed to have been said or done to influence the jury to adopt his plans or reject others.

Taking Plans Not Important

The fact that Mr. Royer after the selection of his plans, took the same away with him and kept them for some days could not be regarded as a circumstance of sufficient importance to vitiate the contract for the reason that the plans have been returned to the board in the same condition they were when he took them without changes or interlineations; nor does it appear there was any bad faith on his part in taking the plans away with him for the reason he obtained permission from the Superintendent of Schools to take the plans. It would serve no good purpose at this time to discuss the various questions of irregularity that have been raised unless they were of sufficient importance when fairly considered to avoid the contract. In my opinion they are not of such character. I advise, therefore, that the board arrange for a meeting with Mr. Royer at an early date for the completion of all the details of the contract agreed upon.

Respectfully submitted, Owen P. Thompson.

Jan. 20th, 1919.

The secretary announced that she had been requested to telephone Mr. Royer to send two copies of a contract which would be satisfactory to him to sign and he had done so and it was read. It was discussed at some length, by sections, some alterations and additions suggested and the contract as revised by the board not the secretary was directed to submit to Judge Thompson and if approved by him to be returned to the board to be revised according to the opinions of the judge and submitted to the board. If approved then the president and secretary were directed to sign two copies and send them to Mr. Royer, and if he approves he will sign one and return it to the board and keep the other; if not, then a further conference will be held. Adjourned.

BARTON DANIELS TALKS OF TEXAS

Former Resident is Doing Well in Texas Home—Here to Attend Father's Funeral.

Barton Veerlin Daniels of Sour Lake, Texas, who came here to attend the funeral of his father, Veerlin Daniels, had some interesting things to say regarding his home place in the Lone Star state. He went there in 1903 so far that town he is a decidedly old settler. The place is 35 miles from the gulf and 20 from Beaumont. It contains 6,000 inhabitants and has no city organization and is not even incorporated but is managed by the county organization and he says they are very well satisfied with affairs as they are. It has the Southern Pacific and Gulf Coast railroad lines and the people are able to get around very well.

It has a Baptist, Presbyterian, Methodist, Christian and Roman Catholic church, \$135,000 school-house and in the vicinity 175 miles of hard shell roads and Mr. Daniels says it looks very strange to him to come from such roads where land is worth so little and then see our farms worth from \$100 to \$300 an acre bounded by such poor highways. It is an old district and he is in that business and is doing well.

Speaking of the spot in Jacksonville cemetery where his father was buried he says his great grandfather, Veerlin Daniels, was buried there in 1839; then later his grandfather, Veerlin Daniels, and then his father, Veerlin Daniels. He says he has a Veerlin in so the name is likely to be perpetuated and he means to have his own body laid to rest there also. A road along side the family lot is to be vacated and he means to buy more land and add it to the family premises in God's half acre.

Mr. Daniels is an interesting, wide awake man and feels much pleased with the way his family have been treated in this vicinity and glad to know they stand so highly in the estimation of all who know them. He expected to leave shortly for his southern home.

A BOMB SHELL EXPLOSION IN BLUFFS.

Listen! One of God's old fashioned bomb shells is being exploded in the revival meeting in the M. E. church in Bluffs. Rev. F. H. Lathrop the pastor of the church is holding his own revival and is giving the gospel trumpet no uncertain sound. And the affairs and the surroundings are being shelled for Christ. Come out and get into the meeting and help get men and women and boys and girls to God. The high school scholars and those in lower grades with the corps of teachers will come in a body and fill the reserved seats Monday night, and Tuesday night the Masons and Eastern Stars. Wednesday night Rev. Lathrop will preach on fulfilled prophecy and Thursday night the Odd Fellows and Rebekahs will march in and fill the reserved seats. And Friday night the parents will come in a body. Now don't hatch up some excuse for not being there. If you are interested in God's work at all you will sure attend this revival regardless of the denomination you are in, unless you are down sick and can't come. Reader.

STORE WILL BE CLOSED.

On account of the funeral Mrs. Mary E. Devlin, Zell's grocery store will be closed until noon today.

FRED BEGG HOME FROM WASHINGTON

Fred Begg of the Powers-Begg Co., returned yesterday from Washington, D. C., where he went to appear before the senate committee in the packer's inquiry. Mr. Begg was one of the independent packers on the witness stand.

The inquiry, which has been going on in Washington for some days, has taken on a national interest because the testimony is being taken with reference to two bills now before congress, both of which look toward government ownership or control of the packing industry. J. Ogden Armour and Louis F. Swift have thus far been the principal witnesses. They have both expressed the view that pending bills are unconstitutional and that the provisions of these bills constitute an infringement upon private property rights. The packers, however, are agreed that some element of government control is desirable, especially along the line of stabilizing prices.

ILLINOIS WILL PLAY SHURTLEFF TONIGHT
Game Will be Played at David Prince Gym. at 7 O'clock—Visitors Must Return Home on Alton at 8:45 This Evening.
Coach Harmon announced last night that Shurtleff would be the opponent of Illinois College in basketball in David Prince Gym this evening.
Eureka had been booked for the contest but owing to some celebration at Eureka this week the game was cancelled. An endeavor was then made to get Illinois Wesleyan to fill the date but that team could not come. Finally Shurtleff was booked but would not come unless they could get back the same night.
Rather than have a vacancy in the schedule Coach Harmon told them to come ahead and the game will be called at 7 o'clock. All you have to do is to get your supper a little early and be at David Prince when the referee's whistle blows.
Coach Harmon's men have been working hard the past week and the following men are in good condition and the team will be selected from among them.

JACKSONVILLE REBEKAH ROLL CALL
Was Held Friday Evening—Large Number in Attendance.
Jacksonville Lodge No. 13, Rebekahs, held the annual roll call in Odd Fellows' Temple, East State street, Friday evening. There was a large attendance and an interesting program interspersed the roll call. Miss Fern Haigh acted as chairman of the evening and announced the various numbers.
Following the program elegant refreshments were served in the dining room by the social committee. The remainder of the evening was spent in conversation and dancing.
The social committee announced a masquerade on the next meeting night, Friday, February 14. A full attendance is desired on that occasion.
